

Hardwick Primary School

Spring Term 2011

Badgers Newsletter

Happy New Year! We hope you had a nice Christmas break. We are looking forward to an exciting new term in Year 2 at Hardwick.

Curriculum coverage

This term, in History, the children will be learning about Toys in the Past. In Geography next half term we will compare localities in the UK and Mexico. In Science, we are studying Forces and Movement, then Using Electricity next half term.

PE

PE days are Tuesday and Thursday. There are often extra sports sessions throughout the week so it is best to leave PE kits in school all week. Please ensure your child has appropriate outdoor clothing and footwear. Also make sure all clothes (including uniform) are clearly labelled to avoid any mix ups and regularly check your child's clothes to make sure they do have their own!

Reading Books

All children are reading appropriate level books to their reading skills, and are encouraged to choose their own reading books from a selection of books. Please do write in the reading log every time you listen to your child read.

Clubs

There are a number of lunchtime and after school clubs available this term, including Guitar Club, ICT, Futsal, Origami and Calligraphy. We would encourage the children to participate in as many of these clubs as possible.

Show and Tell

We are aware that the children enjoy this activity on a Friday afternoon. However, we would like to remind parents that expensive, electrical items should not be brought into school. Where possible, we would ask children to bring in items of interest related to curriculum areas, as opposed to toys.

We look forward to another fun filled term.

Mr Coombs

Class Teacher.
